Curate and Rector

The difference, not merely of degree, but of kind, which is supposed to separate the English rector from the inferior order of curates, is amusingly exemplified in a case cited in St. James' Budget.

Returning to his parish after his autumn holiday, a dignified country clergyman noticing a woman at her cottage door with a baby in her arms asked:

"Has that baby been bentlevel." asked:
"Has that baby been baptized?"
"Well, sir," replied the courtesying mother. "I shouldn't like to say as much as that, but your young man came and did what he could."

### Anty Drudge on Literature.

Mrs. Housewife-"I'd like to read more books, but I can's seem to find time. Monday I have to wash all day

Anty Drudge "Stop right there, my dear! If you will begin Monday morning by reading the directions on the back of a Fels-Naptha soap wrapper and follow them faithfully, you'll have more time for other kinds of reading that day and feel more like it, too."

Fels-Naptha soap is the best and easiest way of washing. If Fels-Naptha didn't do what we say it will, no woman would buy a second cake. Yet more than a million women use Fels-Naptha every washday. And the number is increasing as fast as its value becomes known.

If you haven't used Fels-Naptha, try it, according to directions, and on the result we'll stake our chance of making you a regular user. For your white things, soap, roll and soak for thirty minutes in cold or lukewarm water-no boiling or hot water. Then rub lightly, rinse and hang out to dry. That's all.

Full directions for all uses of Fels-Naptha on the red and green wrapper.

If Fels-Naptha is kept out of the water while doing the kitchen work, it is less expensive to use then the ordinary kinds of soap.
